

Penshaw Farm Shop

Our Penshaw Nursery began selling home-grown fruit and vegetables in 1988, and now we sell a range of colourful perennials and roses, as well as hanging baskets, which we pot on site.

The newest addition to the business is fresh milk, which is brought to you each day, straight from the farm, into the vending machine and dispensed into reusable bottles.

As well as fresh whole milk, we also offer a variety of flavours, including Chocolate, Strawberry, Vanilla & Banana.

Our Penshaw Farm Butchers opened In November 2013. We sell fresh meat, most of which is sourced from our West Rainton Farm, including our champion Aberdeen Angus beef and our best grass fed lamb. We sell high quality burgers and award winning sausages, including our signature Penshaw Porker and Penshaw Piglet.

The home bakery at Penshaw Farm Shop is another thriving part of the business. Everything we offer is homemade onsite by our own bakers, from Artisan Specials to Nostalgic Favourites. We are proud to use our own and locally sourced ingredients to create products of the highest quality for your enjoyment.
